Social Entrepreneurship and Innovation in Rural Europe

Ralph Richter, Matthias Fink, Richard Lang and Daniela Maresch

Series: Routledge Studies in Social Enterprise & Social Innovation

Social Entrepreneurship and Innovation in Rural Europe investigates how social entrepreneurship advances social innovation in rural Europe and contributes to fighting social and economic challenges in these regions. Based on longitudinal data collected in four European countries, this book explains how social enterprises enact their business model based on an entrepreneurial reconfiguration of resources they obtain from their network relations, and how their activities empower local communities, driving change and eventually innovation.
